

Site Capabilities

- Virtual Trial Capability
- Body Plethysmography (PFTs/ spirometry)
- Dosimetry/Bronchial Challenge
- ECGs
- ABPM/Holter monitoring
- Full Day Testing Capability
- Over-Night Testing Capability
- On-Site Phlebotomy/Specimen Processing
- CLIA Waived Lab
- -20 Degree Freezer
- -70 Degree Freezer
- Refrigerator
- Ambient Centrifuge
- IATA Certified
- OSHA/HIPAA compliant
- Dedicated Monitoring Room
- Encrypted WIFI access
- Remote Data Capture
- IVRS/IWRS systems
- Media Recruitment
- Extensive Database
- PK/PD Collection
- Polysomnography
- Clinilab certified
- Cognitive, Neurological and Psychometric Raters (MWT, MSLT, CSSRS, CGI, ESS, IHSS, FOSQ-10, EPAI-SHP, Cataplexy)
- Dyspnea and Performance Questionnaire Experience (CAT, BPI, PSQI, VAS)
- Registered and certified staff (coordinators, physicians, sleep technologists, respiratory therapists)
- Device-CPAP, PAP, BIPAP
- eDiary
- Exercise Testing/Six minute walk
- DME Providers
- Pulse Oximetry
- Central IRB
- Central Lab
- Single contact for Budget/ Contracts/Regulatory
- Marketing Department
- Controlled Substance Studies
- Double Reinforce Drug Storage with electronic access restricted to specific staff
- Min/Max electronically recorded temperatures (Freezer, refrigerator and drug storage)
- Access to Dry Ice
- Urine Drug Testing
- Breath Alcohol Testing
- Phase II-IV Multi-Center Pharmaceutical and Device trials
- Pilot Studies
- Investigator-Initiated Trials
- Validity/Usability Trials
- Easy access to hotels
- Minutes from nearest ER
- Minutes from airport
- BLS certified staff
